

Manavta

Introduction:

Manavta was formed on 6th October 2022, under the order number 2117 session 2022-23 to take decision about the dogs of the institute , Although just dogs are present in the campus, so Manavta is focusing particularly on dogs right now.

The meeting was conducted to form manavta club on 11th October 2022 at 1:00 PM, attendees of the meeting were :

Dr. Sharda Gangwar.

Miss Neha Adwani.

Mr. Anshul Tiwari.

Mr. Ranveer Thakur.

Mr. Adarsh Yadav

Minutes of the meeting were -

1. Contact some NGOs for dog reallocation and running the adoption drive for the puppies.

2. Circulating a code of conduct including the following points:

- a) Do not use harsh tools and equipments to move the dogs out of the class.**
- b) Check the class before locking the doors for the dogs.**
- c) Do not tease the dogs unnecessarily.**

Initiative :

BBA Department took the initiative to form Manavta Club to take care of the dogs present in the campus.

Miss Neha Adwani introduced the afflatus to form Manavta Club.

This has the backstory , Back to the last year (2022), Neha Ma'am & Preeti Ma'am came across a severely injured puppy in the institute, then they took that puppy to the hospital for the treatment after the treatment, Neha ma'am adopted that puppy, but it's not possible to adopt each of them and then she introduced Manavta Club to take care of them.

Right now , Mr. Brajesh Jatav is leading Manavta , as Miss Neha Adwani left the institute, under the stewardship of Dr. Sharda Gangwar

Aspiration :

The aim of Manavta is to spread awareness among the people, to not to exploit or tease animals. It is really important to take care of them as well. Our motive is to do the same thing on a bigger level , so we're starting off with our institute itself, right now we're focusing on the dogs only because we've just dogs living in the campus.

Formation of shelter:

On 4th January 2023 a shelter was formed for the safety of dogs in the institute. also food drive is being organised by our honorable director doctor pragyesh Kumar agrawal in which anyone can donate food for the dogs in the box kept near the shelter. On the alternative days , puppies and dogs were getting injured by coming under the vehicles in the campus , that is the reason behind the formation of dog shelter.

Release of Manavta poster:

On 13th July, 2023 , Manavta club released the poster in the presence of Dr. N.K. Choubey (scientist) & Dr. Sharda Gangwar (HOD Of BBA Department).

Conclusion:

There are many more plans for the future . Manavta club is still working for protecting and taking care of animals.
