

Report On Virtual Alumni Meet-2022

Department of Fashion Design

Institute for Excellence in Higher Education is one of the most reputed institutes in Madhya Pradesh. The Alumni of this institute are working in various fields like education, social, sports, cultural etc. The aim of establishing Alumni Association is to develop and maintain long term relationship with alumni, working in various fields. Many alumni are invited by the department of Fashion Design for guest lectures, sharing their knowledge and experiences of industry and other fields to the existing students on a regular basis.

Institute of Excellence in Higher Education and Department of Fashion Design jointly organized online Alumni meet on Google Meet platform on 24th March 2022 at 6 PM. Dr. Pragyesh Kumar Agrawal, Director, IEHE was the Honorable Chief Guest for this virtual meet. Dr. Mukesh Jain, Convenor, Alumni Committee, Dr. Kalpana Malik, Convenor, Swami Vivekanand Career Guidance Cell, Dr. R.K. Shrivastava, Member, Examination Cell were the special invitee. Dr. Renu Jain, HOD, Fashion Design was the host of this event. Other faculty members were also attended the programme.

All alumni were invited for this online meet. Present Third Year students were also invited to witness the show and get the insight about further career options, actual work experiences. For this online program, the invitation was given by the alumni committee to all alumni through WhatsApp messages and phone calls. A WhatsApp group is made by the department to remain in touch with all the Ex-students. The alumni working in various fields, joined this program. Ms. Komal Pandey, Ex Miss MP, Ms. Sakshi Tated, Founder of Tiny Color Clothing, Ms. Nikita Singh, Chief Merchandiser at UEIR, Ms. Tripti Nahar, Assistant Professor Sage University are some of the renowned alumni who presented in this programme. More than 35 alumni participated in this online event.

In his introductory speech, Dr. Mukesh Jain, Convenor, Alumni Committee of the college explained the idea behind the conducting of this alumni meet. He said that the alumni of the college are role models for the existing college students. This type of meetings are very useful for transferring the knowledge and experiences through Alumni and are a social bridge between the college and alumni. He expressed his gratitude on overwhelming response from the alumni.

After this, alumni were invited to share their knowledge and experience of working in various industries. Some of the alumni who are studying at reputed institutes, shared the knowledge of cracking some National level exams. They also shared that how this course helped them in setting their career and achieving their goals. Apart from this, existing students asked many questions from their seniors, mostly about seeking guidance. To make this session more interesting and memorable, Dr. Renu Jain, conducted a quiz through sharing some photos of Ex-students.

Some very useful suggestions received from the alumni. All recommended to start M.A in Fashion Design to pursue further studies. Some students recommended latest Fashion Software required for the Fashion industry. They all appreciated the syllabus of our Institute's Fashion Design course and how it helped them in achieving their goals. It was really a very fruitful and refreshing meeting. We all are looking forward for such meetings in near future. Ms. Nakiya Hussain and Ms. Manpreet Kaur actively conducted this wonderful and remarkable event.

Your Experience and Learning from this course

10 responses

Great

This course acted as a building block for my career in every possible aspect.

My experience was great with all the faculties and the course has helped a lot even in my further studies.

It was very good and helpful in creating by base.

Ok

I was good

It was an amazing experience helped me out in my career building

B.Des is a good course for the coming youth, as it gives a knowledge about the fashion field but also encourages to develops your selves to many other platforms.

What would you suggest to improve this course

10 responses

Softwares like illustrator and Photoshop should be given emphasis.

I wold suggest more industry experience in terms of visiting factories and manufacturing units to get and idea of the field work and the products.

Other designing fields needs to be introduced.

Ok

Give internships for at-least 4 month

Intoduce Project based learning as a subject where students use their own creativity

1. Entrepreneurship subject should be added, to encourage students towards to start their own business.

2. Also field visits should be done more to experience the actual work process.

More exposure to fashion industry

Any other suggestions/feedback

10 responses

No

Never wait for better opportunities in bigger cities, just get started with whatever is in front of you, and then strive for more.

More exposure is needed for the student as well as for the department.

Ok

Proper class room for the students according to year wise

-

Lab equipments and lab area should be increased to make the students know more about the physical and chemical properties of the fabric, types of fabrics, and garment manufacturing tools.
