ABOUT BHOPAL

Bhopal, the capital of Madhya Pradesh, is known as the "City of Lakes" for its beautiful upper and lower lakes. Founded by King Bhoja in the 11th century and later ruled by the Nawabs and Begums, it has a rich mix of history, culture, and architecture. Famous landmarks include the Taj-ul-Masajid, Bharat Bhavan, and Van Vihar National Park. It is also known for its handicrafts, zardozi embroidery, and Bhopali cuisine. Among the region's most prominent heritage attractions are Bhimbetka and Sanchi Stupa, also recognized as a UNESCO World Heritage Site.

ABOUT THE INSTITUTE

The Institute of Excellence in Higher Education (IEHE) is a premier institution located in the heart of Bhopal, Madhya Pradesh, dedicated to providing quality education and fostering holistic development among its students. Established in 1995 with a vision to excel in academia, research, and innovation, IEHE has consistently maintained high standards of education and has been recognized for its excellence by the National Assessment and Accreditation Council (NAAC) A+ grade (CGPA 3.45) in the fourth cycle of accreditation in 2023. Accredited four times by the National Assessment and Accreditation Council (NAAC) showcases unwavering commitment to quality education and continuous improvement. This institute is recognized for its academic excellence and holistic student development, with the NIRF Ranking band of 201-300 across colleges of India (2024-25).

ABOUT THE SEMINAR

The seminar addresses the urgent need for sustainable development in the face of global crises, technological challenges, and overlapping conflicts. It emphasizes collective, interdisciplinary efforts to ensure economic viability, environmental protection, psychological well-being, social harmony, and sustainable peace. Special focus is placed on intergenerational equity, integrating all dimensions of development, and promoting resilience. The goal is to achieve a sustainable and equitable future for all by 2047.

OBJECTIVES OF THE SEMINAR

- To provide a platform for interdisciplinary deliberations and discussions over sustainable development.
- To prepare a roadmap and strategies for sustainable development.
- To enhance sustainable development through human representation in modern technological society.
- To promote value based education and growth for sustainable development.
- To incorporate Indian knowledge system for sustainable development.
